Re: 2006 – 2009 Public Safety Mid-Management Bargaining Unit

Dear Joe:

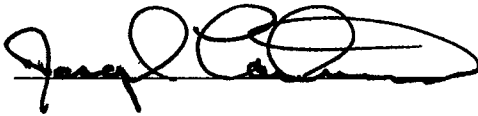

This letter reflects the agreement between the City of San Bruno and the Teamsters Local 856 and clarifies the understanding of the parties related to Section 20.1, Medical Insurance of the Public Safety Mid-Management Bargaining Unit Memorandum of Understanding.

The intent is to clarify relevant sections of the MOU regarding the dollar amount remaining above the actual medical premium increase (on October 1) and the 10% maximum medical premium increase to be paid by the City. The City and Union agree that effective October 1, 2008, the City will apply the October 2007 medical premium savings below the 10% cap (\$34.75 per month) to the salary schedule for each position, along with any additional October 2008 medical premium cap savings.

If on October 1, 2008, the new medical premium amount is over the 10% medical premium cap, that difference will be the responsibility of the employees. This amount will be added to each employee's contribution toward the medical premium.

Sincerely,

Teamsters, Local 856

City of San Bruno
