Hi

I would like to add the following comment to the council appointment related to housing. Thanks.

"Hi, I am looking to subdivide my property at 758 6th Ave San Bruno and build two additional units under California State Bill 9 & 10. The empty lot on the right side of the property was the former site of 752 & 754 6th Ave, two units that were demolished in 2007. The senior planner for the city of San Bruno Michael Smith has refused to cooperate under SB 9 & 10. We have gone in person multiple times and tried reaching Michael over email but to no avail. I bring this forth before the city council and people of San Bruno in order to bring light to this issue and resolve this before we need to take further action. Thank you."

Best,  
Farrukh & Farooq Malik
