### **Filling of Crater to Begin Next Week**

The City will begin work next week to fill the crater caused by the September 9, 2010 pipeline explosion. The Mayor, other officials, and residents will mark this milestone in the reconstruction and rebuilding process with a ceremonial shovel of dirt at 11:00 a.m. on Tuesday, September 20, 2011.

There will be two press pools with 20 outputs and one battery-powered PA system. News crews will be directed to a staging area as indicated on the attached map. This area is about 40 feet away from those that will be speaking.

**Parking Information:** Parking will be restricted in the immediate work area. Media crews may park at the dirt lot on the northwest corner of San Bruno Avenue and Glenview Drive, and along Glenview Drive. Crews can then walk into the neighborhood. Please be aware not to park in residents' driveways. For safety reasons, access from the north side via Claremont Drive will not be permitted.

Thank you again for your cooperation, and sensitivity to our residents and community.
