

PRESS RELEASE

November 22, 2016

SUBJECT: Police Explorer Recruitment
CONTACT PERSON: School Resource Officer Scott Rogge

The San Bruno Police Department is actively recruiting volunteers to serve our community as Explorers. Police Explorers are valued members of the San Bruno Police Department. Explorers are unpaid volunteers who support and assist the Department in various ways.

San Bruno Police Explorers (Post #559) offers an opportunity for students between the ages of fourteen and 21 years of age old to become involved in a rewarding and productive public safety and community service activity. Being an Explorer helps prepare young people for future roles as good citizens and contributing community members. We strive to prepare young people interested in law enforcement service as a profession in attaining their future career goals.

No experience is necessary to join, aside from the desire and will to learn about a career in law enforcement. Students must attend an Explorer Academy where students learn numerous law enforcement techniques such as fingerprinting, investigations, search and rescue, and first aid. Explorer applicants must be enrolled in high school or college; maintain a 2.0 Grade Point Average; be willing and able to volunteer time to the Police Department on a monthly basis; have parental consent if under the age of eighteen; be free of criminal convictions and pass a basic background investigation.

Applications must be submitted by December 1, 2016. Interviews are tentatively slated for December 8, 2016. Police Explorer applications may be picked up at the San Bruno Police Department or accessed on the City of San Bruno website at <http://sanbruno.ca.gov/civicaX/filebank/blobdload.aspx?BlobID=26402>

Police Explorer applications should be submitted to School Resource Officer Scott Rogge at the San Bruno Police Department. Anyone with questions regarding the Explorer program may contact Officer Scott Rogge at (650) 616-7115 or by email at rogge@sanbruno.ca.gov
